6 Member Debate under Standing Order 11.21(iv) – Charitable hospice funding

(60 mins)

NDM8448 [Mabon ap Gwynfor \(Dwyfor Meirionnydd\)](#)

To propose that the Senedd:

1. Notes that:

a) charitable hospice care providers play a vital role in providing essential care and support to people affected by terminal illness across Wales;

b) the charitable hospice sector provides care for more than 20,000 people each year with their services supporting dying people to stay in their own homes and reduce hospital admissions, delivering better outcomes for individuals and the NHS;

c) rising staff and energy costs, workforce pressures, and increasing demand for complex care pose an existential threat to the sustainability of the sector;

d) 90 percent of hospices are budgeting for a deficit in 2023/24 and drawing on reserves to meet the shortfall; and

e) demand and need for palliative care is set to grow significantly as the population ages and more people are living longer with multiple chronic conditions.

2. Calls on the Welsh Government to:

- a) commit to working with the sector to address the immediate funding challenges, including ensuring a fair salary offer for the hospice workforce, equivalent to the Agenda for Change increases, so there is parity with NHS colleagues;
- b) develop a long-term sustainable funding solution in partnership with the sector, including a new national funding formula, workforce plan, and palliative and end-of-life care service specification; and
- c) extend the Welsh Government's end-of-life care funding review, which is due to conclude in January 2024, if this is not feasible in this timescale.

NDM8458 [Delyth Jewell \(South Wales East\)](#)

8 Welsh Conservatives Debate – Local government funding

(60 mins)

NDM8459 [Darren Millar \(Clwyd West\)](#)

To propose that the Senedd:

1. Recognises the vital role that councils play in delivering public services across Wales and the funding challenges they face.
2. Acknowledges that the Welsh Government is receiving record levels of funding from the UK Government.
3. Notes that councils have over £2.75 billion in useable reserves.
4. Regrets that councils are consulting on council tax rises of up to 25 per cent for the 2024–2025 financial year.
5. Calls on the Welsh Government to:
 - a) commission an independent review of the Welsh local government funding formula;
 - b) work with local authorities to use their useable reserves to keep council tax as low as possible; and
 - c) require any local authority proposing a council tax rise of over 5 per cent to hold a local referendum and obtain a yes vote before implementing the proposed rise.

The following amendments were tabled:

Amendment 1 [Lesley Griffiths \(Wrexham\)](#)

Delete points 1 and 2 and replace with:

Recognises the vital role local authorities play in delivering public services across Wales, the significant increases in the local government settlement over the past 2 years, the protection of the 3.1 per cent increase for 2024–25, and the funding challenges authorities nevertheless face.

Acknowledges that the Welsh Government budget for 2024–25 is now worth up to £1.3 billion less in real terms than when it was set in 2021.

Amendment 2 [Peredur Owen Griffiths \(South Wales East\)](#)

Delete all after point 2 and replace with:

Regrets:

- a) the chronic underfunding of Wales by successive UK governments which impacts local authority budgets; and
- b) estimates of a £750 million funding gap by 2027 which will further entrench deprivation and inequality.

Believes that local government finances in Wales are on an unsustainable trajectory without a fair funding model from Westminster.

Calls on the Welsh Government to:

- a) formally request the UK Government to review the Barnett funding model on the basis of Welsh societal needs to support all budget areas, including local authority funding;
- b) urgently bring forward detailed plans which will put local authorities and all public services on a sustainable footing; and
- c) provide guidance on how the current Revenue Support Grant floor relates to the local government settlement for 2024–25, and develop a strategy to ensure that the Revenue Support Grant is applied consistently through subsequent financial years.

Calls on the UK Government of the day to always implement a fair funding formula which enables the Welsh Government to adequately fund local authorities.

If amendment 2 is agreed, amendment 3 will be de-selected.

Amendment 3 [Lesley Griffiths \(Wrexham\)](#)

Delete point 5 and replace with:

Notes that the Welsh Government will:

- a) continue to develop and maintain the Welsh local government funding formula in partnership with local government; and
- b) continue to recognise the importance of local democratic decision making on council budgets and public services.
