To propose that the National Assembly for Wales:

1. Calls on the UK Government to hold a full public inquiry into the contaminated blood tragedy of the 1970s and 1980s.

2. Notes that 70 people in Wales have died from HIV and Hepatitis C acquired when they received contaminated blood or blood products and others are still living with these diseases.

3. Acknowledges that bereaved relatives are living with the consequences of this tragedy.

4. Notes that, in March 2015, the UK Government apologised to people infected by contaminated blood treatment and further notes that the affected families have never received full answers about how this was allowed to happen and are still campaigning for justice.

6 Welsh Conservatives debate
(60 mins)

NDM6215 [Paul Davies \(Preseli Pembrokeshire\)](#)

To propose that the National Assembly for Wales:

1. Notes the international trend to evaluate cities on liveability, green and sustainability criteria.
2. Believes that cities and urban areas are a key driver for economic resilience and prosperity.
3. Commends the value of the following objectives and strategies to promote urban renewal and regeneration:
 - a) access to clean, open space;
 - b) availability of affordable housing;
 - c) effective traffic management and the provision of high quality public transport;
 - d) the development of active transport routes, including the re-designation on some existing routes for cycling and walking;
 - e) high standards of air quality;
 - f) investment in the design quality of public and landmark buildings;
 - g) the involvement of citizens in plans to improve amenities, both on a city-wide and neighbourhood basis; and
 - h) the centrality of the city-region concept to the regeneration of hinterlands, such as the South Wales Valleys.

The following amendment has been tabled:

Amendment 1. [Jane Hutt \(Vale of Glamorgan\)](#)

Add as new point at end of motion:

Notes the proposals of the Welsh Government contained in Taking Wales Forward to develop a stronger and fairer economy and recognises the importance of measures to develop sustainable regional economies that serve every community across Wales.

7 United Kingdom Independence Party debate

(60 mins)

NDM6214 [Caroline Jones \(South Wales West\)](#)

To propose that the National Assembly for Wales:

1. Recognises that the majority of patients their first, and sometimes only, contact with the NHS is through general practice.
2. Regrets that, despite this, general practice receives less than eight per cent of the health budget.
3. Calls on the Welsh Government to prioritise general practice with significant investment in resources, people and infrastructure.

The following amendments have been tabled:

Amendment 1. [Rhun ap Iorwerth \(Ynys Môn\)](#)

Delete point 1 and replace with:

Recognises that the majority of patients have chronic conditions that are best managed in the community, and this requires strong primary care with general practice at the centre.

Amendment 2. [Jane Hutt \(Vale of Glamorgan\)](#)

Delete all after Point 1 and replace with:

Recognises the extent to which Welsh Government continues to invest in primary care services across Wales and the ongoing commitment to work in partnership with GPs and other primary care professionals to improve care for people across Wales.

[If amendment 2 is agreed, amendments 3, 4, 5 and 6 will be de-selected]

Amendment 3. [Rhun ap Iorwerth \(Ynys Môn\)](#)

Insert as new point after point 2 and renumber accordingly:

Notes that social care budgets have faced significant financial pressures, and regrets that social care's role in contributing towards primary care health services has been neglected.

Amendment 4. [Rhun ap Iorwerth \(Ynys Môn\)](#)

Insert as new point after point 2 and renumber accordingly:

Regrets that there has been a decline in the number of GPs in recent years; notes that a strong primary care service will require significantly more GPs working alongside other health professionals; believes that other health professionals should complement and add to the service provided by GPs, and should not be used to replace them.

Amendment 5. [Rhun ap Iorwerth \(Ynys Môn\)](#)

Insert as new point after point 2 and renumber accordingly:

Notes that many GPs have chosen to come to work in Wales from outside the UK, and that they may choose to leave if the continuing hostility towards migrant workers continues.

Amendment 6. [Rhun ap Iorwerth \(Ynys Môn\)](#)

Delete point 3 and replace with:

Calls on the Welsh Government to ensure primary care, secondary care, and social care work together to help patients manage their conditions in the community, with a focus on prevention of hospital admissions; and recognises that this will require proper long term workforce planning, investments in infrastructure, and wider government policies to promote good health.

Amendment 7. [Paul Davies \(Preseli Pembrokeshire\)](#):

Add as new point at end of motion:

Recognises the importance that allied health care professionals play in ensuring that primary care is effectively delivered.

Amendment 8. [Rhun ap Iorwerth \(Ynys Môn\)](#)

Add as new point at end of motion:

Calls on the Welsh Government to publish regular performance data for primary care, with performance indicators and targets established in collaboration with health professionals.
