(60 mins)

NDM6274

[David Rowlands \(South Wales East\)](#)

[Neil Hamilton \(Mid and West Wales\)](#)

To propose that the National Assembly for Wales:

1. Commends the Welsh Government's aim of achieving one million Welsh-speakers by 2050 and recognises the key role of schools in achieving it.

2. Believes that flying in the face of local public opinion will limit the chance of success and that changes to educational institutions covering Key Stages 1 to 5 should be made in a manner supported by the majority of parents, guardians or local residents, who are best placed to make educational decisions on behalf of their children.

3. Believes that proposals to convert English-medium, dual-stream or transitional schools into Welsh-medium schools or to close them must involve genuine local consultation whereby:

- a) all respondents supply their names, addresses and postcodes;
- b) each individual named in any submitted petition is recorded as a discrete observation unit; and
- c) the opinions of unrelated third parties should not be given priority over the wishes of parents or local residents.

4. Believes that the consultation exercise carried out by Carmarthenshire County Council prior to deciding to close the Llangennech dual stream federated infants and junior schools and convert them to a single Welsh-medium school was flawed.

5. Believes that the council should rescind its decision pending a further consultation based on the principles set out in paragraph 3 above.

The following amendments have been tabled:

1. [Jane Hutt \(Vale of Glamorgan\)](#)

Delete all after point 1 and replace with:

Welcomes the Welsh Government's intention to publish a White Paper this year for consultation on provisions for a new Welsh Language Bill as part of plans to increase the use of the Welsh language.

Recognises the additional investment in 2017–18 to improve and increase Welsh in the workplace provision and to promote the Welsh language.

Notes the Welsh Government's commitment to review the Welsh in Education Strategic Plan process.

Recognises local authorities and other proposers must comply with the School Standards and Organisation (Wales) Act 2013 and the School Organisation Code and must consider a range of factors when proposing significant changes to schools in their jurisdiction.

Notes that Carmarthenshire County Council's Welsh in Education Strategic Plan 2014–2017, which included the decision to establish a Welsh–medium school at Llangennech, was approved unanimously by the Labour–led Cabinet in July 2014, and that all subsequent decisions were approved by the appropriate authorities.
