To propose that the National Assembly for Wales:

1. Expresses concern about the roll out of universal credit.

The following amendments have been tabled:

#### Amendment 1. [Paul Davies \(Preseli Pembrokeshire\)](#)

Delete all and replace with:

To propose that the National Assembly for Wales:

1. Acknowledges concern about the roll-out of universal credit.
2. Welcomes the principles behind universal credit, which are to give people a helping hand into work, and notes that when the Centre for Social Justice envisaged universal credit it found that most people claiming benefits wanted to work but were held back by a system that did not incentivise employment.

*[If amendment 1 is agreed, amendment 2 will be de-selected]*

#### Amendment 2. [Jane Hutt \(Vale of Glamorgan\)](#)

Delete point 2 and insert new points:

Notes the devastating impact on vulnerable families of anxiety, debt, homelessness and mental ill-health caused by the roll-out of universal credit which is putting significant pressure on devolved public services.

Believes that it is an important founding principle of the welfare state that risks should be shared equitably across society and that control over welfare costs, payments and administration should therefore be undertaken at a UK level.

Calls on the UK Government to reverse its damaging cuts to welfare, to pause the universal credit roll-out and address the fundamental concerns being raised.
