To propose that the National Assembly for Wales:

2. Notes that the purpose of this bill will be:

a) to promote the use of electric vehicles or non-emission vehicles in Wales in order to help reduce carbon emissions; and

7 Member Debate under Standing Order 11.21(iv) – Healthy School Meals

(60 mins)

NDM7002 [Jenny Rathbone \(Cardiff Central\)](#)

To propose that the National Assembly for Wales:

1. Believes that healthy, nourishing school meals can make an essential contribution to pupils' wellbeing, attainment, and positive behaviour.

3. Calls on the Welsh Government to:
 - a) clarify whether the standards of school meals are the responsibility of school governors, local authorities or the Welsh Government and what action is being taken to ensure they are being monitored; and
 - b) outline what action is being taken to increase the amount of food for schools being procured locally as part of its emphasis on the foundational economy.

8 Welsh Conservatives debate – Young Adult Carers

(60 mins)

NDM7050 [Darren Millar \(Clwyd West\)](#)

To propose that the National Assembly for Wales:

1. Notes that there are more than 21,000 young adult carers in Wales aged 14–25 who provide assistance and support for families and friends.
2. Is deeply concerned that young adult carers have significantly lower educational attainment than their peers and that they are three times more likely to be not in education, employment or training (NEET).
3. Calls on the Welsh Government to urgently address the support needs of young adult carers, as well as barriers to education, training and employment they face, including:
 - a) early identification of young carers to help them with accessible support and reduce the likelihood of young people disengaging from education;
 - b) bringing forward national introduction of the young carers' ID card alongside a duty for local authorities to implement the card;
 - c) increasing awareness of local authorities of their duties under the Social Services and Wellbeing (Wales) Act 2014 to promote the wellbeing of carers who need support; and
 - d) helping young carers to access post-16 education, including through the introduction of a concessionary travel scheme.
