

17 November 2016

Dear colleague

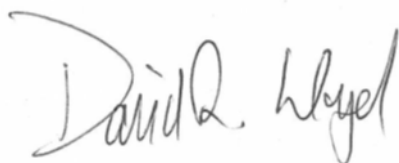

Thank you for taking the time to respond to the Health, Social Care and Sport Committee's consultation on the sustainability of the health and social care workforce.

We received 36 [responses](#), all of which can be viewed on our [website](#), along with a [summary of the consultation responses](#) and a [summary of the workforce survey results](#).

We have considered all the responses and have agreed to begin our overarching inquiry into the workforce by looking at [medical recruitment](#) – details of this inquiry are available on our website. This will be followed by a number of other inquiries over the course of the Fifth Assembly that will examine the range of issues affecting the health and social care workforce. The information that you have provided will help to shape this broader work, and we are keen to continue to engage with you throughout this process.

Once again, on behalf of the members of the Health, Social Care and Sport Committee, thank you for your contribution and please do continue to involve yourself with the work of the Committee.

Yours sincerely,

Dr Dai Lloyd AM

**Chair, Health, Social Care and Sport Committee**
