### SL(6)047 – The Education Tribunal for Wales (Amendment) Regulations 2021

#### Procedure: Affirmative

These [Regulations](#) correct a cross-referencing error in the Education Tribunal for Wales Regulations 2021 (“the Tribunal Regulations”).

The Tribunal Regulations set out the procedure to be followed in proceedings before the Educational Tribunal for Wales concerning additional learning needs appeals (under Part 2 of the Additional Learning Needs and Education Tribunal (Wales) Act 2018) and claims of disability discrimination in respect of school pupils (under Chapter 1 of Part 6 of the Equality Act 2010).

These Regulations substitute a new regulation 17(2) of the Tribunal Regulations to provide that the case statement period for a claimant making a claim under the Equality Act 2010 is 8 weeks beginning on the date that the acknowledgment of receipt of a claim is received.
