Local Authorities

Dear Chief Executive

Inquiry into Public Libraries in Wales

The Communities, Equality and Local Government Committee is currently undertaking an inquiry into public libraries in Wales.

As part of our inquiry, we would be interested to hear from you on the following:

- has your local authority undertaken equality impact assessments when considering the potential closure of libraries in your area, and if so, please can you provide details;
- has your local authority consulted with local representatives of vulnerable users when considering the potential closure of libraries in your area, and if so, please can you provide details; and
- what links are there between education services and public libraries in your local authority.

It would be helpful if we could receive your response by 23 April. I have attached a link to our inquiry for your information:
