Dear Llywydd and Business Committee,

On 2 July the Business Committee allocated Legislative Consent Memorandum for the Non-Domestic Rating (Public Lavatories) Bill to the Economy, Infrastructure and Skills Committee. The reporting deadline given was 2 July. The Bill this LCM relates to is a reintroduced Bill which was guillotined as a result of the 2019 general election.

When the Committee discussed the LCM in its first iteration we found no reason to object to the Assembly, as it was then, agreeing the Legislative Consent Motion associated with the Memorandum.

At that time we issued a report which I am content is still relevant. As such I do not feel it would be the best use of Committee time to re-examine the LCM or reissue the report and as such am happy with the report from July 2019, attached, being used to support the debate.

Yours sincerely,

Russell George MS
Chair
Economy, Infrastructure and Skills Committee
