

Dear sirs

We have now heard from Aneurin Bevan Health Board and they have had admitted 345 paediatric patients with acquired brain injury in the last five years. This takes the overall total to 874. We have still not heard from Hywel Dda.

In response to WHSCC's correspondence, there may have only been 8 children referred to Tadworth but is this due to cost or need? It seems 8 patients out of a possible 874 does seem disproportionate which would bear out the comments made by Headway.
