Dear Janet

Thank you for your letter of 10 August on behalf of the Petitions committee regarding the wearing of face masks / coverings to be made mandatory in shops. Our advice remains the same as for petition P-05-998, although, the position on whether to make face masks mandatory is under continuous review. The FM covered this in his Facebook live session this week – reported on BBC here: <https://www.bbc.co.uk/news/uk-wales-politics-53734928>

The evidence remains clear that the most effective way to protect yourself and others from infection is to follow social distancing rules, avoid touching surfaces and your face, and wash your hands regularly. There is evidence to suggest that the wearing of face coverings gives people a false sense of security which makes them less careful about social distancing and handwashing.

It should be noted that it is compulsory to wear a face covering on public transport in Wales if you are aged 11 or over, aside from some exceptions which mean the requirement would not apply. The requirement is part of a wide range of restrictions and requirements that seek to contain the spread of the virus, however, we will make them mandatory in other places if coronavirus starts to spread in Wales again.

The main justification for wearing face coverings on public transport is that there is less scope in buses, trains, aeroplanes and taxis for taking other steps to minimise the risk of exposure to coronavirus.
