

Government Response: The Health Protection (Coronavirus, International Travel) (Wales) (Amendment) (No. 3) Regulations 2021

Technical Scrutiny point 1:

The Welsh Government notes the technical scrutiny point and confirm corrections will be made at the earliest opportunity.

Merit Scrutiny point 2:

The Welsh Government accept that additional detail in the Explanatory Note and Explanatory Memorandum may be helpful. We note in particular, the Committee suggestion that the nature of these provisions would lend themselves to explanation via a flowchart. This was considered but the accessibility standards for website presentation recommended against this approach. The guidance has been restructured to create a new explanation page and we hope that the revised Welsh Government Guidance alongside a high profile communications exercise means that travellers are informed about which testing requirements must be followed.

Merits Scrutiny point 3:

The Welsh Government accepts the merits scrutiny point raised.
