

P-05-752 Building Resilience To Cyber-Bullying In Children

This petition was submitted by Jamie Denyer having collected 421 signatures.

Text of the Petition

We petition the Welsh Assembly government to fund and undertake evidence based research, and produce a strategy with recommendations for building resilience in our children – from infancy – against the devastating effects of Cyber-Bullying.

Additional Information

The strategy should include advice for parents and schools as to:

- * how to create healthy views and relationships around social media
- * how to prepare children to identify and guard against the behaviours that cyber-bullies use
- * how to teach children to emotionally separate their online experiences from their 'real life' ones
- * how to build emotional resilience to personal attacks online
