Dear Sarah

### Scrutiny of Accounts 2016–17

Thank you for letter of 8 April updating the Public Accounts Committee on Recommendation 14 of the Committee's report regarding the evaluation of the Young People's Programmes. The Committee was pleased to see the positive outcomes from the programmes and how they can support a future approach to physical activity in Wales. I would also like to thank you for inviting the Committee to view the work of these programmes. May I suggest that you contact the Members directly to arrange a suitable time convenient for the majority of the Committee?

I have listed all the contact details overleaf and Members have received copies of the correspondence so will be expecting to hear from your office.

I look forward to the proposed visit.

Yours sincerely,

**Nick Ramsay AM**  
Chair
